TECHNICAL BULLETIN # FE/ESR 07-06

To: All FE/ESR Owners

From: Chris Doyle, Technical Manager

Date: 18 September, 2007

Re: Fuel Filter

It has come to our attention that the current external fuel filter on the FE/ESR is an inadequate filter for fuel injection. It is a 150 micron filter and what is recommended for fuel injection is a 10 micron filter. This being said the Goodridge filter that comes with the car will no longer be a stickered item. You are free to use any filter you like. One convenient option is the Spec Racer Ford filter **Part #591913** available from your CSR.

Current Fuel Filter
